

TO: All Indian Wells Residents

From: The Indian Wells Board of Directors

RE: Sexual Predators and Sexual Offenders

Dated: October 3, 2023

We have recently learned, from a review of the FDLE website, that currently there is at least one registered sexual offender living in Indian Wells with access to the pool, park and common area.

Our source for this information is public and available from the FL Dept of Law Enforcement and is posted on their website, <https://offender.fdle.state.fl.us/offender/sops/search.jsf> In addition, the Florida Department of Law has a website that you can sign up for notification / alerts for your area. Their website is: <https://floridaoffenderalert.com/>

You may be surprised to learn that there are more than 20 offenders within 5 miles of our community. Thus, we want you to know how to learn of, and monitor the presence of, the registered sexual offenders and predators in our area. This is to enable you to take whatever precautions you deem necessary to help protect your children and your neighbors' children.

However, we do not advocate, endorse or suggest any actions against any of these individuals, which would be unlawful.

We strongly urge and encourage all of our residents to frequently visit these websites to keep informed of and monitor any or all registered sexual predators/offenders in our local area. In addition, the Osceola County Sheriff's website also contains helpful information to search for offenders in your area and to sign up for email alerts via icrimewatch.

As always, any activity you feel is suspicious should be reported immediately to the police.
